NEW RULES FOR STUDENT DAY

Wisconsin Manufacturing and Technology Show is pleased to announce Student Day will be taking place on Thursday, October 5th, 2023. Student Day is a great way to discover the various career paths the future workforce can take. Students will see machines up and running, can watch our Robotics Competition live, or attend an educational seminar in one of our seminar rooms. The trades industry is brimming with opportunity! Come discover for yourself!

While this is a great opportunity for students to interact with industry experts, please keep in mind that all exhibitors and attendees are there to conduct business. We ask that all students, faculty, and parents abide by the following rules to ensure a successful event for all.

1. No one 15 years or younger is allowed to attend due to liability (insurance).
2. Please staff one teacher, counselor, or parent per 10 students.
3. Please complete the form below & submit to cheryl@epishows.com.
4. Do not allow students to loiter in booths or in "The Hub".
5. Please keep all students in your group together. No disbursing once on the show floor.
6. Remember: All exhibitors and attendees are conducting business. Please be mindful of busy booths.
7. Do not allow students to "grab and go". Many exhibitors provide "freebies" to potential clients. Unless offered to a student by an exhibitor at the booth, please refrain from taking items that have not been offered to you.
8. **DO** interact with exhibitors who are willing to provide information.
