

**SAVE THE DATE!**

# TEAM ROBOTICS COMPETITION

**October 5-7, 2021 at the Wisconsin Manufacturing & Technology Show**

## **THE COMPE TITION**

Teams of 3 students will be challenged to design & program a solution to a proposed manufacturing objective on a FANUC LRMate 200iD education robot. There will be a high school and a college division.

## **THE PRIZE**

First place teams in each division will win a prize for their school. Scholarships will be awarded to first, second and third place team members.

## **SIGN UP A TEAM**

Official competition registration will begin summer 2021. Keep an eye out for future announcements, or email [info@labmidwest.com](mailto:info@labmidwest.com) if you're interested in participating.
